

# HeatArmor® 5050

Built to handle extreme heat applications such as torch cutting, welding, and foundries, HexArmor's HeatArmor® 5050 gloves are purpose-built with industry-leading protection, fit, comfort, and longevity.

The 5050 features back-of-hand goatskin reinforcements over a cowhide leather exterior with our revolutionary, long-lasting HeatHide® leather treatment technology. An interior Aramid/steel liner delivers extra heat and cut protection in 360 degrees – allowing you to switch applications without switching your gloves.
