HELIX 30555 Bamboo TwinFlex®

Innovation intertwined with safety. That's the DNA of the Helix Series. Featuring Bamboo TwinFlex® technology, the Helix® 3055 is constructed of an 18-gauge bamboo viscose/HPPE/recycled polyamide/steel blend shell that provides extreme abrasion resistance and fast absorption so hands stay cool and dry while working.

The 3055 is OEKO-TEX® certified, proDERM certified, and REACH compliant. The palm features a water-based aqua-polymer XG foam nitrile palm coating that offers a superior grip in dry, wet, or oily conditions.

Product features

- Bamboo TwinFlex® knit is sustainably produced with bamboo viscose fiber
- 18-gauge Bamboo viscose/HPPE/recycled polyamide/steel blend shell provides fast absorption and high retention of moisture
- Flexible water-based aqua-polymer XG foam nitrile palm coating provides superior grip and abrasion resistance
- OEKO-TEX[®] certified, proDERM certified, and REACH compliant for being skin-safe and void of harsh chemicals
- · Made with silicone-free materials
- German-engineered 3D ergo fit for ultimate dexterity, flexibility, and comfort
- Touchscreen capabilities
- CO₂ neutral production in Germany and free of solvents
- Elastic knit wrist helps prevent dirt and debris from entering the glove
- · Launderable for extended life
