

# HELIX 3054

## Bamboo TwinFlex®

Innovation intertwined with safety. That's the DNA of the Helix Series. Featuring Bamboo TwinFlex® technology, the Helix® 3054 is constructed of a 13-gauge bamboo viscose/HPPE/fiberglass/elastane blend shell. This eco-friendly shell also provides fast absorption so hands stay cool and dry while working.

The flexible water-based soft grip nitrile foam palm coating provides superior grip and abrasion resistance in dry, wet, or oily conditions.

### Attributes

<b>Shell:</b>		13G HPPE/ bamboo viscose/ fiberglass/ elastane
<b>Coating:</b>	Material:	Foam nitrile
	Finish:	Textured, slightly tacky
	Weight:	Medium
	Breathability:	Fair
	Flexibility:	Good
	Durability:	Good
	Grip:	Dry, oil, or wet
<b>Sizes:</b>		6/XS through 11/XXL

Contains natural  
bamboo viscose  
fibers

### Product features

- Bamboo TwinFlex® knit is sustainably produced with bamboo viscose fiber
- 13-gauge HPPE/bamboo viscose/fiberglass/elastane blend shell provides fast absorption and high retention of moisture
- Flexible water-based soft grip foam nitrile palm coating provides superior grip and abrasion resistance
- German-engineered 3D ergo fit for ultimate dexterity, flexibility, and comfort
- CO<sub>2</sub> neutral production in Germany and free of solvents
- OEKO-TEX® certified for being free of substances that affect human health
- Made with silicone-free materials
- Elastic knit wrist helps prevent dirt and debris from entering the glove
- Seamless construction for enhanced comfort and breathability
- Launderable for extended life
